

ROBUST TECHNOLOGY SCALED FOR EVERY MISSION

Tactical solutions. Deployed by industry veterans.

PRODUCT LINE CARD

DOD & ENTERPRISE SYSTEMS, SOFTWARE, NETWORKING, AV & MORE.

PARTNERS & MANUFACTURERS

Fulfillment, Logistics & Quality Control

Padova has established efficient material handling capabilities that allow for dynamic distribution and cost effective fulfillment. Padova is authorized with a wide variety of industry partners and offers resale, kitting, integration and subcontract management services. Our commitment to quality control insures your product ships as designated.

- CONUS, OCONUS Logistics & Support
- Pre-sales Engineering & Support
- Full Spectrum of Integration Capabilities
- Materials Management: Supply Chain, Procurement & Kitting
- End of Life Strategies: Sustainable Engineering using Embedded Components
- Direct Partnerships with Key Industry OEMs
- Complex System & Assembly
- Experienced Engineers In House
- ISO 9001:2015 Certified

Infrastructure & Deployment

Building on our system level capabilities, Padova offers full rack and infrastructure integration, delivery and installation services. Our system scales to multi-nested bill of materials that will handle the most complicated builds. From concept, engineering through delivery, we provide full life cycle management.

- Large Assembly Integration
- Full Rack Integration & System Testing
- Multi-Rack Integration & System Testing
- IA / STIG Compliance
- Full Application Testing
